ICC European Umpires Panels—all ready for the summer's challenges

Early this year the European Umpire and Referee Selection Committee (EURSC) sorted through 98 applications to join these Panels and they finally selected **62**. These **62** now form the Panels for this season's events and only members of these Panels will officiate in ICC European Championships. See back page for a full list of Championships and Umpires appointments.

Those who were selected onto the Panel but have not been appointed (this year) to an event are:

A reminder that these Panels are re-viewed at the end of every season and applications for inclusion are sent to your Country Board in September/October.

Signals extends a warm welcome to the rest of our Tournament Officials

As part of our policy to amalgamate all our Officials under 'one roof' we are very pleased to welcome our Tournament Referees to the circulation of this newsletter.

In a similar way by which we selected our Panel Umpires we went through a similar selection process to create the ICC European Referees' Panels.

The EURSC sorted through the nominations for these Panels and although the numbers were no where near as plentiful as for the Umpire Panels (16) they selected 14. These 14 then went through a Training Program/Seminar at Lord's in April where they discussed and mastered the various roles of the modern day ICC European Tournament Referee.

The full list of Referees, under the charge of **David Jukes**—ICC European Referee Manager is:

ICC European Elite Referees' Panel:

Richard Cox—ICC Europe

Ray Holyer—ICC Europe

Richard O'Sullivan—ICC Europe

Ken Amos—ICC Europe

Steve Tovey—Netherlands

Bjarne K Jensen—Denmark

These are also reviewed annually.

An Honour for Bill Monkau

We send our congratulations to Belgian Umpire Bill Monkau, who has been made a Companion of the Order of Nassau by Her Majesty the Queen of The Netherlands, an honour in recognition of his services to the game of cricket. Bill has officiated at a number of ICC European tournaments.

The Order of Orange-Nassau (Dutch: Orde van Oranje Nassau) is a military and civil order of the Netherlands which was first created on 4 April 1892. The Order of Orange-Nassau has two divisions, civil and military, and can therefore be considered the Dutch equivalent of the Order of the British Empire.
