\* In reality, this age range provides an U18 team due to the fact that the global WCQ is in 2011 and the U19 CWC in 2012. Therefore by selecting an U18 team in 2010, the same group of players will potentially be eligible all the way through, as Associate/Affiliate countries are allowed to play in the CWC as U20's (as at 1 September in the previous year).
